To Whom It May Concern:

I strongly oppose the Draft Memorandum being proposed by the FDA.

I especially object to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions shipped across state lines from specialized compounding pharmacies.

Just because you live in a state which does not have a compounding pharmacy should not mean that you are denied the right to medications your doctor deem necessary for your health.

Yours Sincerely,

Kate Wright
